Dear Sylvia,

Firstly, I'd like to apologize to you after so long a time re our disagreement about Mae Brussell. You were completely correct about her and, I admit now that I was wrong. I have come to know the fact that she is indeed a hairbrained "researcher". Personally, I have always most respected your, and Weisberg's phenomenal work on the case. I must, somewhat immodestly assert that the work I have done has been quite substantial as well. I have, you may know, compiled the largest, most all-inclusive, chronologically listed tape-recorded library in the world on the JFK case, numbering more than 4,500 hours in all. I have appeared as guest expert on 254 radio and T.V. shows across the country and, as you will hear on the enclosed tape, I have oftentimes been asked my opinion as to which book is the best book on the subject and I always mention your tremendous effort in "Accessories After The Fact". I also, invariably give due credit to Weisberg's books as well. (I talked to him again today.) After all, I do not think it to be possible for EVERY critic to ever completely agree with every other critic. We, however, (most of us anyway) are seeking to provide the facts to the people. That's the main thing, I think.

I am sending you the enclosed info because you may not be aware of it. The Stokes statement is something I've just learned about.

I have recently produced a documentary (taped) entitled, "The House Select Committee On Assassinations Coverup". As a result of my listening to more than 150 hours of recorded conversations between myself and Congressional members of the Committee and various long-time researchers alike, and with Richard A. Sprague and Robert Blakey several times, I copied the most important 27 hours and made this important documentary. I sent letters to many listeners of my shows across the country offering this documentary which proves the title is correct, and as a result, I have received 78 requests for it. Cyril Wecht also ordered a copy and I've sent it to him already. He sent me a very nice letter thereafter applauding my efforts. Enclosed, you'll find my advertising letter. By the way, Wecht appeared on two of my Cable T.V. shows (both recorded the same day, audiotaped and videotaped. Also, 1st Chief Counsel Richard A. Sprague did a very good show with me, among others such as Lane (twice), Weisberg (by phone twice, Jerry Policoff, yourself, of course, and several others.

I have recently written a 5,500 word article entitled, "The HSCOA Coverup" as well, and am presently attempting to have it published. I've sent it to 12 publications and, so far, have received 3 rejections, so, we'll see

Finally, I sincerely hope that we may again be friends.

If there be anything re any tapes and/or printed info you may desire to have in my possession, just let me know and, as I've done with many other critics, I'll be only too happy to comply, if possible.

Hoping you find the enclosed informative and interesting,

I remain, respectfully,

P.S. Would you happen to know of a magazine entitled, "Clandestine America" and where they are located? Would greatly appreciate this info, if possible.

as a result of reading this, I called my N.Y. Congressman's office and they connected me to the office of the House Intelligence Committee in Washington, D.C. Chairman Edward Boland wasn't in, so a member of his staff conducted a 20 minute search for what I requested, I.E. The House Intell. Comm. Report on this matter. I was told there is no report on this! I was told that Boland merely made a statement on the floor of Congress - one column of 1 page long, only, re this H.I.C. "investigation" of this important matter. We had a long (tape-recorded by me, of course) conversation. The result? He is sending me a copy of Boland's floor statement! I'll send copy to you when I get it. How do you like those apples??

In struggle,  
Ted Gandolfo -
