Dear Ms. Meagher:

I hope that your health
is better and you are
doing well. With winter
coming on, watch out for
that flu bug!

I shall never forget
the considerateness of your
phone call in March, and
the views which you imparted.

Enclosed is an AP release
as a matter of interest. Note use
of the word "autopsy." This is new!

Could you please share with me
DAVID LIFTON'S address? THANKS. Sincerely,
Paul B. McJunkin
