New York, N.Y. 10014

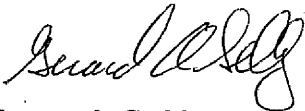

Dear Miss Meagher,

I am a graduate student at the University of Maryland, working towards my masters degree in mass communications. For my thesis, I am producing a documentary on President Kennedy's assassination.

I am extremely interested in interviewing you for my documentary regarding your research into the assassination and the Warren Commission's investigation. I would like to, with your approval, videotape this interview for use in my thesis, however, if you would prefer not to have it recorded, I would still be greatly interested in discussing your work with you.

Please feel free to contact me if you have any questions or require more details regarding my request. I thank you for your time and look forward to your response.

Sincerely,

Gerard Selby
