

Sylvia,

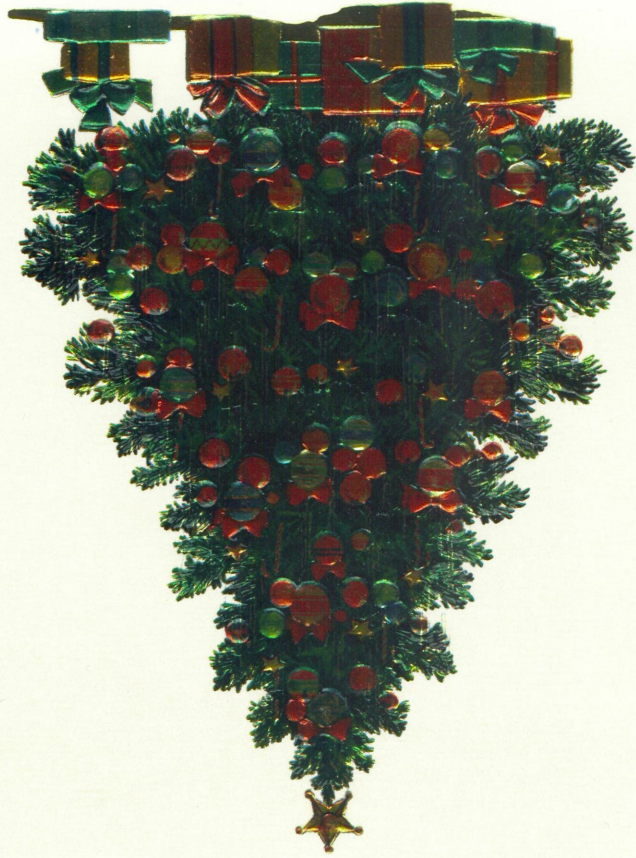

You may have heard that we moved to Quincy last February. I left Star Magazine behind and am back in the newspaper business - this time as business editor of *The West*

TRITUNE

Tritune.
Tritune looks like the 25th anniversary of JFK assassination will be a big media event. A BBC producer already has been here to talk with me and got a call yesterday from Boston public television. Sounds like both may take a good shot at going after enhancement of the Bronson film if they can gain access to it. - Earl

It wouldn't seem like
Christmas if we couldn't
get in touch and wish
the season's happiness
to those we like so much

*With best wishes
for your Happiness in the New Year*
