Dear Ms. Meagher:

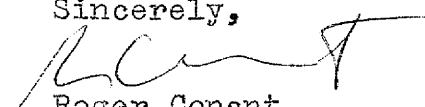

Jim Garrison has recommended highly to me your work on the Kennedy assassination.

As a newspaperman who has uncovered a number of anomalies in that bizarre affair, I am much interested in reviewing your writings, which, alas, are difficult to find.

One aspect of the case which interests me at present is the Gen. Walker connection. I would like to talk over with you your insights on that subject.

Looking forward to hearing from you.

Sincerely,

  
Roger Conant
