

April 29, 1971

Dear Sylvia,

Thank you for the material recently received. It was kind of you to take the time to gather it and mail it off.

Enclosed are the CBS transcript of a News Special and additional sources where the subject of my letter has received extensive news coverage.

Please excuse the sloppy underlining and markings on this material, as I did not anticipate passing it on. What is enclosed by no means exhausts the available documentation on this subject; nor does it constitute the best.

It does however -- along with other material we have -- provide a broad and accurate picture of what is taking place in the Soviet Union.

My associate and I hope to present this documentation in a convincing article we are now writing.

I have since discovered what Radio Liberty is. CIA

I do hope the enclosed material is informative and useful to you. Once again, thank you for your assistance.

Sincerely,

Hal Benaunt
