Dear Mrs. Meagher,

In the course of the past few years I have developed an intense desire to read as much about the assassination of President Kennedy, and follow-on events in Dallas and other places. Your book *Accessories After the Fact*, I found most detailed and fascinating. Your research must have been a monumental task and you deserve a great deal of credit.

Look as I may I have never been able to locate a copy of your book "Subject Index to the Report and Hearings and Exhibits" for my library. Even though I'm sure its authenticity, I would be extremely grateful if you could possibly furnish any information as to where a copy might be obtained.

Please do not abandon your endeavors in searching for the truth in this dastardly affair--no matter where it leads.

Thank you.

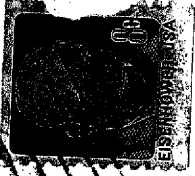

Sincerely,

James A. Parker
