Dear Sylvia,

Miracles happen : enclosed is the issue of the Times-Picayune which I am returning before it gets swallowed in one of my rocky paper mountains. I took some notes. It is fascinating. By the way it was even greater fun to learn from one of the wiretapes in the Xerox you allowed me to keep, that our magnificent freedom fighter Jim Garrison confirms his connection with the N.O. Mafia.

I don't know wether le Figaro is going to publish my reply to Sagatelian. There seems to be some difficulty. The official explanation : lack of space.

Very cordially yours,

Léo Sauvage
