Dear Mr. Thompson,

I do thank you for your kind letter of the 22nd and for the cutting from the San Antonio Express/News with the interview I gave on the eighth anniversary of the assassination. The "Gibbons" mentioned should, of course, be "Givens"; otherwise, it is fairly accurate, considering that I gave the interview over the phone.

I am looking forward to seeing your up-dated bibliography, when it is ready, and I do hope that your health will improve. With renewed admiration for your dedicated work on the case and kindest personal regards,

Yours very sincerely,
