Dear Mr. Hayne,

This will reply to your letter of 30 November 1971. I have very little that I can add to the information given in my book and in my letter of 27 March 1970 to Edmund Berkeley.

S.M. Holland died on 4/29/69, source: Midlothian Mirror.

David Goldstein: the information in my book was obtained verbally from Penn Jones and from the Warren Commission Hearings Volume VII page 594.

Bill Chesher: my source was Volume XV pages 48-51.

I appreciate your offer to credit my research in your article but I would prefer not to be mentioned in any way that might imply association with or endorsement of material published in Computers & Automation, which has presented some highly irresponsible pieces on the assassination.

Yours sincerely,

Sylvia Meagher
