

Golden Gate Sunset

Dear Sylvia -  
 Just a brief hollo from  
 SF. I'm out here at a  
 drug conference.

Have seen Paul & Hal.  
 Abe Feldman (Harold F's brother)  
 is now here - didn't find  
 out in enough time to  
 get in touch.

Hope things are well  
 w/ you -

SAN FRANCISCO'S GOLDEN GATE. The beautiful blendings of reds and golds of the sunset off the Golden Gate merge together to color this ever-changing scene of the famous Golden Gate. This view, so often shrouded in fog, is seldom seen in the splendid perspective shown here.
