Dear Mr. Thompson,

My sincere thanks for the copy of your 1971 SUPPLEMENT to your Bibliography, and warm congratulations on this useful addition to the reference works on the assassination. I can well understand your distress about the errors committed on your "late entries" but I really do not think that they impair the value of the work as a whole. I do hope that you receive a good response from your mailing list.

With my best personal wishes for a healthy, happy, and peaceful New Year,

Yours very sincerely,
