Dear Mrs. Meagher:

I have just returned from a week long trip to find a copy of "Majority of One" on my desk. Thank you for sending it along. I shall read your article over the weekend.

Do you have any idea when Popkin's book will be published? If he does have the FBI preliminary report, it may be the news "peg" I have been looking for.

FYI - John McCloy first agreed then declined an interview with CBS News on this subject.

Now efforting something with Ford.

Regards,
