Dear Mr. Kieran,

Your discourse last night on the so-called "release" of the autopsy photographs and x-rays was brilliant, uncompromising, and completely valid. I have been greatly impressed over the months by your commentary on Vietnam and other central issues which confront us—indeed, the two questions are not entirely unrelated, are they?

Thanks for giving listeners a nightly respite of sanity, courage, and incisiveness—and thanks especially for raising your voice against the Warren Report.

Yours very sincerely,
