Dear Mr. Grenda,

I should like very much to be of assistance to you, as you request in your letter of the 12th, but unfortunately it is rather a lot of work and I simply do not have the time. However, I have one suggestion that may be helpful: you might write to Representative Theodore R. Kupferman, House of Representatives, Washington, D.C. and ~~xxxxxx~~ ask him to send you the excerpt from the Congressional Record for 9/28/66 (page 23203 et seq) which contain his introductory statement to his Concurrent Resolution and the appended bibliography prepared by the Library of Congress for Rep. Kupferman.

One of the reasons I am so pressed for time is that I have a book on the Warren Report coming out in the fall this year and I am having to concentrate on finishing touches to the ms., abandoning other tasks lest delay in the work on the ms. should result in delayed publication. I am sure you will understand. I am sorry also for the unsightly typing, but I have an injured arm which hampers me.

With best wishes for your work, and please do not hesitate to write again if there is anything I can do that is not too time-consuming.
