Dear Mr. Bernard,

I am sorry to tell you that I learned only today that my Subject Index to the Warren Report and the Hearings and Exhibits has been completely sold out and is now "out of print." I learned this from a reporter who had called the publisher, seeking a copy of the Index, and who then called me on the chance that I had a spare copy. Unfortunately, I have only the copy that I use personally.

I have not yet had an opportunity to contact the publishers of the Index (Scarecrow Press, 52 Liberty Street, Metuchen, N.J.) about the possibility of issuing a second edition. I am doubtful that they will wish to do so unless they are certain of a widespread demand rather than occasional individual requests.

Meanwhile, I can only suggest that you inquire at your public library to see if they keep a copy of the Subject Index. Or, if you need one or two specific items of information rather than prolonged research, I should be glad to try to give you the relevant references by telephone (Chelsea 2-4293, evenings).

Again, my sincere regret that I cannot provide you with the Subject Index,

Yours sincerely,

Sylvia Meagher
