Dear Mrs. Meagher

In a recent issue of Frontier magazine, I believe it was January this year, a letter of yours appeared which partially answered Jacob Cohen's article 'The Warren Commission Report and its Critics.'

In that letter to the editor you mentioned a complete answer to Mr. Cohen's article had been made by a colleague of yours. Was that answer ever published? and, if so, where?

I would like very much to obtain a copy and would appreciate any information on this matter.

Incidentally I have enjoyed reading your writings on the Warren Report and am looking forward  
(over)

to your book 'Accessories  
after the Fact' on the  
Kennedy assassinations.

Sincerely

Tikey Zes
