Dear Mr. Sandell,

I have received your letter of 2 June 1967 but I do not have at hand your earlier letter or my reply. I believe, however, that you had enquired about the Subject Index. As of this time, the Index is out of print; but perhaps I had already informed you of that?

You will find references to David Ferrie in Commission Exhibits 1413, 3119 (p.19), and although he is not named, he is also discussed in VIII pp. 14, 29-31.

The Latin American described by Charles Steele was never identified by the Warren Commission. His identity is not known to this day, to the best of my knowledge.

Finally, regarding Leopold Ducas, I am not aware of any information about him other than the document you mention.

Yours sincerely,

Sylvia Meagher
