

THE HOSPITAL
OF THE GOOD SAMARITAN
MEDICAL CENTER

1212 SHATTO STREET
LOS ANGELES, CALIFORNIA 90017
482-8111

Thursday eve.

My dear Sylvia:

The flowers are still blooming - a beautiful
rosy pink - full of blossom and life - so
very thoughtful of you I do appreciate
it as I did the considered thoughtfulness
of the note of encouragement you sent me
prior to my hospitalization. It meant
a great deal to me.

All has gone well so well, in
fact, I am to leave here on Saturday!
My doctors say I'm seven to 10 days
ahead of schedule. Two more weeks of bed
rest at home lie ahead, but in more
familiar surroundings. So I'm sending this
off in case you thought to phone me here
on Sunday.

(A puncture wound here on this staff of
doctors is an entrance wound!)*

Much Love,

Bill.
