Dear Bob,

Thanks for the copy of your letter to Ted Kupferman...By the way, I've been meaning to ask you the outcome of the matter of the calls made to Harold Weisberg by Dorothy Mattimore about so-called errors in the galleys...Fixed up?

I am enclosing herewith an article from Manhattan East on the CBS "inquiry" in which my remarks are quoted and which mentions the book (with the wrong date of publication, alas)...It's my only copy, so please return it in due course...Maybe you can make a zerox?

I hope that you are having a very enjoyable weekend, and perhaps this is a good time to mention that (1) part of the apartment is being painted on Tuesday, for which I will try to absent myself (paint fumes bad for ex-asthma patient) so will not be reachable by phone until early evening; and (2) present plan is to be away for brief visit to niece's country house on Wednesday and Thursday. If not at home those two days and needed urgently, try following number:--Area code 914, 292-4818.

As ever,
