Dear Sylvia :

I am enclosing a copy of an article which appeared in the Vancouver Sun on August 7th with regard to Donald Norton who claims to have been an employee of the CIA .

I am told by John Taylor that Mr. Norton left Vancouver shortly after the Sun story was released , refusing to say where he was going but hinting that he would attempt to remain in Canada .

Mr. Taylor was unable to tell me anything in addition to the information contained in the story , except that Mr. Norton alluded to CIA activity in four Canadian cities : Calgary , Winnipeg , Montreal and Quebec City .

I will keep you advised of any further developments concerning Mr. Norton and his allegations .

With best wishes , I remain

Sincerely ,

Gordon
