Dear Sirs,

I should be very grateful if you would be good enough to send me Dean C. Baker's 1965 study of press coverage of the assassination of President Kennedy. I understand that it is a 70-page mimeographed document. As author of the Subject Index to the Warren Report and Hearings and Exhibits (Scarecrow Press, New York and London, 1966) and Accessories After the Fact (Bobbs-Merrill Company, Inc., 1967), I should consider this study a valuable research tool and an important addition to my records.

With thanks for your cooperation,

Yours very sincerely,

Sylvia Meagher
