Dear Paul,

The microfilm and the xerox copies of the Subject Index arrived safely. I thank you most warmly for your kindness in sending me the copies. Your generosity will enable me to assist anyone who contacts me in search of the Subject Index by making a xerox copy available on loan or for re-copying. That will undoubtedly be more helpful than the microfilm.

It was a pleasure to meet you and spend an evening together. I look forward to further news and will be glad to look at your manuscript when you are ready.

Again, my thanks and kindest regards,

Yours sincerely,
