

MEMORANDUM

From: Sylvia Meagher
Liaison Officer, LUN

Date: 4 November 1970

To: Mr. Y. Beigbeder, Secretary, HQ Standing Committee

Through: Dr. R. L. Coigney, Director, LUN

Ref: PERS/SDU

CONFIDENTIAL

Thank you for your memorandum dated 23 October 1970, indicating that I have been at the top of my grade (P.3) since December 1968. As you requested, I am pleased to indicate that:

1. I do agree that my status should be reviewed by the HQ Standing Committee in accordance with Manual II.5.200/210.
2. I attach herewith a written statement, which I shall submit to my Director for transmittal to the Committee together with any comments which he may be good enough to provide.

Sylvia Meagher

4 November 1970

In a short time I will have completed 24 years on the staff of the World Health Organization. During that span of time, I have been awarded a number of promotions or other improvements in status, in each instance upon the initiative of the Administration. The Organization at all times has accorded me fair treatment in matters of grade and salary and I should like to take this opportunity to express my personal appreciation for the consideration which has always been extended, both by Headquarters and by my Directors at LUN, which has made it all the more a privilege to make my career on the staff.

It is a matter of special satisfaction to me that it has never been necessary for me to initiate any request for advance in my status, and I should like to proceed on the same basis to the age of retirement, relying in the future as in the past on the readiness of the Director-General to accord any recognition due to a staff member which is within his means. I shall therefore take it for granted that the review of my status at this time will reach a proper outcome, regardless of the nature of that outcome, and accept in advance the decision taken.

In terms of the substance and nature of my assignment, it is true that my duties might in large part be considered appropriate to a higher grade than is attached to my post; and that my opposite numbers from other specialized agencies at meetings at which we represent our respective Organizations generally hold posts one grade, and often two or more grades higher than my own. My grading does not, however, hamper in any way the effective performance of my duties. I feel certain that I can continue to carry out my duties efficiently, regardless of the classification of my post, and I will always seek to make the greatest contribution within my capacity, with utmost confidence in the purposes and principles of the Organization and appreciation for the many opportunities already extended to me.
