Dear Margaret Simmons,

I would love to say hello to Jim Voss. Please give him my best.

Please don't blame the Kennedy family. They have given three sons to their country already. They are not as rich as the US Government which killed all three of the sons. Robert knew who killed his brother, but he knew there was nothing he could do until he became President. He died trying to be President--there can be no more honorable death.

Shooting brains out was becoming monotonous, so they tried to drown Teddy in a creek with a whore.

You must understand this is Germany about 1934. Fight accordingly or get out is my position. The fight is completely hopeless, but I love to fight--so far. If you read the LA Free Press, you know Serhan is another Oswald and so was Mary Jo K.

Maybe I am wrong; if so history will have time to crush me. If I am right, you have precious little time to react.

Thanks for your letter.

Sincerely,

s/ P.J.
