Dear Sylvia,

Thank you for your article. It did interest me very much and I look forward with great hopes that your new article is published. I did see the Open Theatre's TV show. I didn't like it. I do feel that what we did with the same material in my lab was much more exciting and carefully thought out.

Thank you for being such a great fan of "Dances at a Gathering". You've seen it many times more than I have.

I send you all my best wishes for a very happy New Year.

Sincerely,

Jerome
