Dear Sylvia---

Here are some, but unfortunately not all, of the wire service stories on the newly-released FBI files. I grabbed up all I could, but there are still some missing parts. It figures, I guess, considering the subject matter we're dealing with.

I've also enclosed some notes I made in preparation to the film piece we did the following day.

I'd still like to find documentation that we can put on TV showing LHO was some sort of ~~of~~ ~~xxx~~ govt. agent.

Thanks for your continuing help.

Best wishes,

Bob Wiener
