My letter of 12/1 to the Army, and their reply ~~xxx~~ of 12/15 -
 No luck; they appeared not to understand my letter. Worth following up if we can get a reporter turned on. Jack Anderson completely missed the point of all this. (Harold, who was his source, has complained.) Anderson, 12/10: ~~xxxx~~ "The Pentagon may have thrown away files showing Army Intelligence agenss were ahead of ~~xxx~~ almost everyone else in establishing the background of LHO as the killer of JFK.... The army intelligence agents on that day may never get full credit for their work." Right.
