Dear Mrs. Meagher:

Many thanks for your letter of August 17. I'm flattered to learn that my review of the books on the Warren Commission Report met with your general approval, since undoubtedly no one has made a more thorough study of the Report than you. By coincidence, I had obtained a copy of your Subject Index to the Warren Report and Hearings and Exhibits just the day before I received your letter, and I am certain that it will be very helpful.

Your comments on the problem of Oswald's relation to the attempted assassination of General Walker provide much useful information on the subject which was new to me. I will look forward to reading your further articles dealing with the general problem of the assassination of President Kennedy.

Sincerely yours,

Robert M. Slusser
