Dear Mr. Caputo,

Your office tells me that you are on vacation, so I am dropping you this note to thank you for sending me a copy of Epoca with the story on the investigators of 11/22/63. I hope that it was a success in Italy. Although I do not know Italian, I was able to read much of the article and get the general sense of it.

I suppose that my two photographs will be returned in due time? (No hurry.)

Hoping that you had a fine vacation,

Yours sincerely,
