Dear Sylvia:

Enjoyed the visit with you and wish we could have gone on at greater length. Talked with Bill Gurvich in New Orleans the other day and he says they just finished translating the Arnoni report and found it very interesting. I have come across a man out here who says he saw Shaw on Nov. 21, 1963 in the company of some neo-Nazis. Very interesting but I will have to check it further.

Got your note on the assassination primer and I have a confession to make. It hasn't been printed yet. I am the holdup on it; I've had the galleys for some time but haven't had a chance to go over them. And we wanted to include a boost for Garrison. So it will be out shortly, and I promise you will be the first to get one.

Cordially,
