Dear Bill,

Thanks for your kind letter of March 30th. Both Arnoni and I are mystified by your comment that Gurvich had told you that they had finished translating the Arnoni report and found it very interesting--mystified for the ~~same~~ simple reason that Arnoni did not send anything to New Orleans! Can you clear up this mystery?

I read your article "The Plot Thickens" in the April issue last night, with pleasure and admiration. You condensed a great deal in less than two pages, and I am especially glad that you debunked the Castro or pro-Castro plot myth.

With warm personal regards,

Sincerely,
