

Arnoni
Tues pm 9/26/67

Was in Philadelphia previous
night — dinner at Vince —
Claque present in full force —
Vince in mini-skirt, contact
lenses — Maggie there
previous day (i.e. Sunday
9/24/67) — Discouraged,
publishers not showing
much interest her "book."

Vince had temerity to say
he had never taken the
position that Garrison had a
case — Arnoni tackled him
head-on & Vince retreated over

Veice was not upset
re anti-Garrison editorial
in Oct. TMO — said it
was "fair" and "factual"

May not represent his real
views — but he does
not like to start open
conflict = Ansonie

Veice, Maggie → fm =
too rigid,
too rigorous.
