

Labro (NYC) — 11/25/66 3pm

De Antonio — to see film — was
impressed tho not too much — as he has
seen most of the ppl — Film very
planted — too much impact to
Nancy Perrin Rich testimony. She is not
too credible, obvious judge vs Ruby —
In Rubyland, all like that = Think she was
paid informer = Too long, too repetitive,
some sound as bad as WR = ie = Clemons.
Most reliable are Bowers, Holland, & RR ppl.

What new he learned, can't print — hearsay
& rumor at 4 am while 1/2 drunk =
Ruby = Mafia. He did render small services.

Got a few things on Tjigrit — "he did know
Ruby very well" — Was on verge divorce
& separation — Mrs T completely hypocritical.

Curry is phony — moral wreck. Took
the whole rap. Very letter. Bonus FBI for
lengthy.

Milton Jones said yes Cops did board
bus — vague on details — "a few."
Did not really frisk but looked
around. 2 or 3 Labro thirds.

Lebra still thinks LHO deeply
involved - certainly not innocent -
completely involved = and was
the "fatoy".

Has best tip of all in World
is really place to investigate
He met a police jags there,
could have had influence on LHO -
Talk re Ferris seems a lot of
LHO primarily - Ferris news
around = syndicate ppl (union)
- Not proved - tip for 2 sources
- Dallas & NO reporters - possibly
very odd re Ferris = one should look into
other cities.

Saw Zupender & Hitzman - Zupender
is a crook - got much more than
\$25,000 - got ^{\$}500,000 for life
an long-range plan -

Even Holland asked for \$ all of the
did. Have to pay to get into N Beckley
runs here.

25x Heitz rental

Had 1 he is Fritz

Repeated all story.

Again, blamed FBI for everything
why no notes? Never does.

"Just another number" to him.

Didn't want to talk about
details of case. Because of
early re-trial.

Stroke of pure luck.

Balth is paying right-wing
maniac. Dongus, but
just if he was involved.
Maybe a few low-grades
(very corrupt) like Tjipit.
