Also also = James "quite a man"

Very smart very brief -

No drift position trying get publicity  
for himself - quite sharp, quite honest.

Of course pretence, ambitions

But James, ambitions, liberal - realist

James knows I me, knows I did this in order,  
knows I have been very important to the  
case - believes he will come up &

Some things, very definitely.

Re Kiebler's attack - he replied with people  
will be understanding a performance  
that will be remembered in history.

Reporters in N. O. are very definite

but Kiebler's suggestion is

German ~~is~~ reliable. Familiar

with every detail of the case - co-  
voluntary Kiebler's familiarity with  
reputation of State Dept. soon

Clay B non-existent  
but people who used that  
name are the Key.

Very simple & easy to handle & fast

but make these pellets sometimes

- he is under attack - criticism

they will try to destroy him

(not only this in judgement).

It is not ~~quite~~ certain yet.

There are still some uncertainties.

How not even yet. As he does

not come up & something ... his

honesty = realistic - that is a danger.

is yesterday "30 yrs."

Who is the Reddy whose name you had -  
he came out - talked outside hallway  
to my letter, he said yes I know who  
she is, Walburn = talked, said,  
do you have a car, I want to go  
outgoing here. Joe Walburn from  
she down to private debt.
