

Phone call Monday 11 pm 11/6/67
with Foster

① We discussed the prospects
of her contacting Dr. Nichols
& possibly collaborating with
him on a work on the
autopsy

② Mike Lester (described earlier
the same evening by Bill
O'Connell as a fawning spineless
lackey to Turk Lane) when
she saw him briefly in
NY (before Vickie Martin's
death) indicated that he
was finished with Lane.
He had been staying with the
Lanes at Santa Barbara,
tending baby etc. but
Lane did something so
horrendous that Lester finished
the work in hand and left (over)

the lone household within
the hour. Jester might have
told Ruth what caused
him to react this way
just for his sudden
return to Owasso - Now
the doubts he will ever
go back to it.
