Phone call from Myrtle Donald

She heard from "Were We Controlled" (Ginda hours)
could not get his ID but he has 2
children + wife expecting a third.
Thinks he is young, a magazine writes: He
spent 6 hrs + Garrison in NYC.

J Hosty's son married Dutch girl, student
in a Texas Un. Aha! Obviously a top-off
to the plot, Didn't LHO stop in Netherlands
en route USA?

Herzog, Corro Siegel - why did
they lie about LHO and Myrtle if they
were not in the plot? Possible they
kept track LHO from childhood on and
set him up as a patsy.

But prime suspect is Buell Wesley
Frazier. He came to Irving Tex only
4 weeks before LHO to TSB, from Alabama.
He is chief witness US LHO eg cartoon
rod story. Also prime suspects,
the Paines.
