only 2 books -
WR and AAF

loppley impressed

very damning, for
Nathaniel taking only few
pages of WR. Review is
wholly favorable (was glad
hear will be in 11/26 BW).

Throws greatest
doubt on LHO's
implication in any of
the crimes of which
he is accused -
demonstrates his
lack of motive

opportunity

AAF has converted at
least one major critic
to the view that
LHO may well have
been wholly
innocent
Several of the first - rank
critics of WR have
called AAF best of
all the books

margin
