

16th November

Dear Sylvia

Enclose cutting in case you have not seen it. Your job description seems to have gone up! This is the first publicity I have seen on the book - will watch the French maps.

We all fine - Mike very busy but comfortably so I think - he looks well. William going to ski camp at Xmas & we will stay home this time - Mike starts work on the Edece. Board in early Jan. 15 for locktrails coming Sunday nite to introduce Sinclair Loubit around. He's here for 6 weeks. Elly working for Mike on a 3 weeks coordination research job - she doing well of course. Much love & keep us informed.

Boutane
