Archives Releases Text of
Agreement Transferring

Special to The New York Times

WASHINGTON, Jan. 5—The National Archives made public today the text of the agreement under which autopsy photographs and X-rays of President Kennedy's body will be held secret until Oct. 29, 1971.

Robert H. Bahmer, director of the Archives, released the text of the agreement under which the Kennedy family turned the autopsy material over to the Archives.

Persons who have seen the 65 X-rays, black-and-white photographs and color transparencies that were taken during the autopsy say they give strong support to the Warren Commission's conclusion that Lee Harvey Oswald acted alone in killing President Kennedy.

Given to Family

They were given to the Kennedy family by the Secret Service immediately after the autopsy and for reasons of taste were not included among the Warren Commission's evidence.

The agreement, dated Oct. 29, 1966, provides that only official Government investigative bodies and private experts approved by the Kennedy family can see the material for the first five years.

After that period, "any recognized expert in the field of pathology or related areas of science or technology, for serious purposes relevant to the investigation of matters relating to the death of the late President" may see the 65 photographs and X-rays.

The agreement specifies that a representative of the Kennedy family will determine which researchers have "suitable qualifications and serious purposes."

Dr. Bahmer said in an interview that it was understood between the Archives and the Kennedy family that the decision as to who shall see the

material would be made without discrimination. Unless there are special circumstances, he said, any qualified pathologist who is studying the assassination will be allowed to see the items.

Burke Marshall, who is acting as the Kennedy family's representative, confirmed this interpretation in a telephone interview.

Mr. Marshall, who is general counsel for the International Business Machines Corporation in New York, said, however, that after the material had been available to experts for some time and their findings had been made public, the Kennedy family could possibly reject some requests on the ground that it believed the applicants' motive was not a "serious purpose" but just morbid curiosity.

Jibes with Description

The text of the agreement and the interpretations given today jibe with the description of the document that was given by Justice Department spokesmen when they announced the arrangement on Nov. 1, 1966.

However, the exact wording of the agreement was not made public until today, and some critics of the Warren Commission's findings had implied that the autopsy material would be kept from scholars for many years.

The agreement was drawn by Mr. Marshall in a letter to Lawson B. Knott Jr., Administrator of the General Services Administration, the Government agency responsible for the maintenance of records and property.

It provides that a successor representative of President Kennedy's family may be named by Mrs. John F. Kennedy. In the event of the death or disability of Mrs. Kennedy, a successor may be designated by the President's brother, Senator Robert F. Kennedy, Democrat of New York.

The succession continues through another brother, Senator Edward M. Kennedy. Should all three die or be disabled, the designation of a representative shall be made by any adult child of the late President or by any of his sisters with the advice of other members of the family.

Book Scores Report

In a recently published book that criticizes the Warren report, "Accessories After the Act," Sylvia Meagher, the author, charged that "the terms of the transfer of this evidence to the Archives were such that the photographs and X-rays will not be made available to any individual or organization except a new governmental investigatory body, if one is appointed to further investigate the assassination."

The X-rays and photographs were delivered to the Archives on Oct. 30, 1966, together with articles of the President's clothing that he was wearing when he was killed.

Under the terms of the agreement, none of the items will be placed on public display during the lives of the President's widow, children, parents, brothers and sisters.

Although Government investigators and persons approved by the Kennedy family could have been permitted to see the autopsy during the first five years, Dr. Bahmer said no one had in fact seen them. No Government agencies have asked, he said, and Mr. Marshall said he would not authorize any private persons to see them until Oct. 29, 1971.

Even after that time, scholars will not be permitted to reproduce the items. They will be allowed only to examine them and take notes.

The Letter on Kennedy Autopsy Photos

Special to The New York Times

WASHINGTON, Jan. 5—Following is the text of a letter on the personal effects of President Kennedy gathered as evidence after his assassination and deposited by the Kennedy family in the Archives of the United States:

October 29, 1966

Honorable Lawson B. Knott Jr.
Administrator of General Services

Washington, D. C.
Dear Mr. Knott:

The family of the late President John F. Kennedy shares the concern of the Government of the United States that the personal effects of the late President which were gathered as evidence by the President's Commission on the Assassination of President Kennedy, as well as certain other materials relating to the assassination, should be deposited, safeguarded and preserved in the Archives of the United States as materials of historical importance. The family desires to prevent the undignified or sensational use of these materials (such as public display) or any other use which would tend in any way to dishonor the memory of the late President or cause unnecessary grief or suffering to the members of his family and those closely associated with him. We know the Government respects these desires.

Accordingly, pursuant to the provisions of 44 U.S.C. 397(E)(1), the executors of the estate of the late President John F. Kennedy hereby transfer to the Administrator of General Services, acting for and on behalf of the United States of America, for deposit in the National Archives of the United States, all of their right, title, and interest in all of the personal clothing of the late President now in the possession of the United States Government and identified in Appendix A, and in certain X-rays and photographs connected with the autopsy of the late President referred to in Appendix B, and the Administrator accepts the same, for and in the name of the United States, for deposit in the National Archives of the United States, subject to the following restrictions which shall continue in effect during the lives of the late President's widow, daughter, son, parents, brothers and sisters, or any of them:

I.

(1) None of the materials identified in Appendix A ("the Appendix A materials") shall be placed on public display.

(2) Access to the Appendix A materials shall be permitted only to:

(b) Any serious scholar or investigator of matters relating to the death of the late President, for purposes relevant to his study thereof. The Administrator shall have full authority to deny requests for access, or to impose conditions he deems appropriate on access, in order to prevent undignified or sensational reproduction of the Appendix A materials. The Administrator may seek the advice of the Attorney General or any person designated by the Attorney General with respect to the Administrator's responsibilities under this Paragraph I (2) (b).

materials pursuant to this Paragraph II (2) (b) shall be authorized until five years after the date of this agreement except with the consent of the Kennedy family representative designated pursuant to Paragraph IV (2). For the purposes of this paragraph, the determination of whether such an expert has suitable qualifications and serious purposes shall be made by the Kennedy family representative. No access shall be authorized pursuant to this Paragraph II (2) (b) during the lives of the individuals referred to in the second paragraph of this agreement for any purpose involving reproduction or publication of the Appendix B materials without the consent of the Kennedy family representative, who shall have full authority to deny requests for access, or to impose conditions he deems appropriate on access, in order to prevent such use of the Appendix B materials.

III.

(1) In order to preserve the Appendix A materials and the Appendix B materials against possible damage, the Administrator is authorized to photograph or otherwise reproduce any of such materials for purposes of examination in lieu of the originals by persons authorized to have access pursuant to Paragraph I (2) or Paragraph II (2).

(2) The Administrator may condition access under Paragraph I (2) (b) or Paragraph II (2) (b) to any of the materials transferred hereunder, or any reproduction thereof, upon agreement to comply with applicable restrictions specified in this agreement.

In the event of the death or disability of all three of them, any such designation shall be made by any adult child of the late President John F. Kennedy or by any of the late President's sisters, with the advice of other members of the family. Any representative designated hereunder will serve until a successor is designated.

V.

This agreement may be amended, modified, or terminated only by written consent of the Administrator and the Kennedy family representative designated pursuant to Paragraph IV (2).

VI.

The Administrator shall impose such other restrictions on access to and inspection

of the materials transferred hereunder, and take such further actions as he deems necessary and appropriate (including referral to the Department of Justice for appropriate legal action), to fulfill the objectives of this agreement and his statutory responsibility under the Federal Property and Administrative Services Act of 1949, as amended, to provide for the preservation, arrangement and use of materials transferred to his custody for archival administration.

VII.

All duties, obligations and discretions herein conferred upon the Administrator shall inure to each holder of the office of Administrator of General Services from time to time, and to any official of the United States Government who may become successor to the functions of archival administration vested in the Administrator under the Federal Property and Administrative Services Act of 1949, as amended. All such duties, obligations and discretions may be delegated to the Archivist of the United States, or to any successor to his functions of archival administration.

Please indicate your acceptance on behalf of the United States of America by executing the acceptance clause below.

Sincerely,

BURKE MARSHALL

Burke Marshall, on behalf of the executors of the estate of John F. Kennedy.
