Dear Sirs,

I understand that Truman Capote was a guest on the Tonight show within the last several days and that he voiced his opinion, during his appearance, on the assassinations of President Kennedy, Martin Luther King, and Robert Kennedy. Unfortunately, I did not hear the program. I would be most grateful to receive, if it is at all possible, a transcript or synopsis of Mr. Capote's comments on this subject. Your cooperation will be greatly appreciated.

Yours very sincerely,
