Att: Producer, Barry Gray Program

Dear Sir:

A lady named Sylvia Meagher has participated in a program discussion of the Warren Report. She is the author or compiler of an index of subjects etc. of the Commission's hearings, exhibits and Report.

None of the book shops seem to carry this book and most have never heard of it. I have no idea what price it sells for.

I enclose my check in the sum of \$5.00. Will you kindly forward it to her with my request that she send me a copy of her book and whatever supplements, errata and other published material may accompany it.

If the price is higher I shall remit the difference. If lower, Miss Meagher's remittance of stamps would be appreciated.

Thank you.

Sincerely yours,

Alexander Sacks
