

THE NEW REPUBLIC August 5, 1967

"The Chief Justice," by Gerald W. Johnson

(A review of Earl Warren: A Political Biography, by Gerald W. Johnson)

Excerpt from page 35:

The investigation of President Kennedy's murder appears in this account as an extremely ruthless imposition by President Johnson. It brought Warren nothing but months of excessively hard labor and a still-continuing shower of dead cats. It was an extreme test of sacrificial patriotism.
