Dear Curtis,

I was very interested in your brochure and I wish you would send me another three or four, as I have some friends in other States who have strong feelings about Viet Nam and may be in a position to invite you to lecture or debate. Better still, send a brochure directly to Shirley Martin. I have just received the enclosed copy of her letter to Senator Monroney (please return it).

You can't complain about your fans. I am impressed. I sincerely wish you the greatest success in your work on Viet Nam.
