Dear Sylvia,

I hope your visitor is still speaking to you and I also hope you'll forgive my inconsideration!

However, I wish to thank you for your time and kind thought. As a result of our long conversation I did find the arrest report of Jack Ruby wherein exists the only time the W.C. allowed his current address to occur.

Note; this is in CE 2003 Vol XXIV p247 and I wish you would comment on its placement in this more than 200 page exhibit! I shall quote you if you like.

Regards,

Forrest C.
