Dear Ms. Meagher:

I am currently working on a project dealing with the assassination of President John Kennedy. For my paper -- an independent study project at Evanston Township High School -- I have done a great deal of research, scouring everything I can find on the assassination. Through my reading, and by listening to various radio and television programs I have become quite familiar with your work on the subject.

I feel, though, that I have come to an end of the line in the sense that I have pretty much exhausted the books and magazine articles on the subject. I am wondering if you have any information in the form of memos, documents, pictures, etc., that have not yet been published of which I may obtain copies.

I am also looking for people with whom I can correspond if I have additional questions, along with keeping up-to-date on any new developments. There is no doubt in my mind that more than one assassin fired at President Kennedy, and any role Lee Oswald might have played was minimal. Any help that you might be able to give me I would certainly appreciate, and I will obviously pay any reasonable costs that may accrue.

Hope to be hearing from you soon.

Sincerely,

Tom Feldstein
