

URGENT MEMORANDUM

TO: Jim Lesar  
Tink Thompson  
Cyril Wecht

27 May 1975

FROM: Sylvia Meagher

This memorandum is written on behalf of Allard Lowenstein as well as myself. Allard feels that there is an irresistible tide of public clamor for the re-opening of the assassinations of John Kennedy, Robert Kennedy, and Martin Luther King, and the attempted assassination of George Wallace. Some kind of Congressional inquiry into these four cases seems increasingly inevitable. There are two areas of jeopardy -- individuals and institutions (including major news media) with a vested interest in the survival of the Warren Report and the official disposition of the other cases, and the flamboyant irresponsible critics and pseudo-critics who are setting up straw-men which the Government can easily knock over and utilize to discredit all sceptics and challengers of its lone-assassin findings.

Clearly, the responsible critics (hopefully we can find one or more serious students of the Wallace shooting) must be prepared to take advantage of any opportunity that arises for an objective review and reevaluation of the assassination cases. The task is:

- (1) to lay down strict criteria for a new investigation by impartial and expert investigators, in open hearings and using the adversary procedure, and
- (2) to set out in each of the four cases the major avenues of inquiry which should be pursued.

Could the five of us get together and try to map things out? It would have to be after the 3rd of June and before the 15th--at my place in New York or at Philadelphia if that is more convenient to more of us. I suggest Sunday the 8th of June, all day if possible.

Please phone me as soon as possible and let me know if this is something you are willing and able to do. 212 Chelsea 2-4293
