

29 July 1975

Dear Sylvia:

Here is a copy of a statement I have recently given to the Atlanta Police Department, as they are investigating some allegations made by a prisoner here (named Watson) and his mother regarding the MLK assassination.

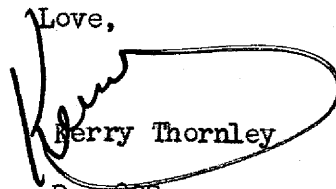

I hope you realize that as a victim in the past of reckless and wild charges on the part of others, I am not inclined to make such charges myself. The enclosed seven pages are worded as conscientiously and as meticulously as possible with regard to factual accuracy and honest reflection of my memories.

You may share this data with anyone you see fit.

Yesterday morning I made a tape recording covering the same material for the intelligence unit of the APD; hopefully, they will subject this to PSE examination. The offer I made to them at the end of my statement, I also make to you and/or to any member of the critical community you designate.

I will always appreciate the support you gave me in my darkest hours.

Love,
