Dear Mr. Romberg,

Thank you for your phonecall and your letter. I am happy to inform you that I was notified yesterday that Random House will bring out Accessories After The Fact as a Vintage paperback, target date February 1976.

I should like to send my best wishes to you and your colleagues in the Assassination Information Bureau. Unfortunately, my work commitments (unconnected with the assassination) do not allow me to travel or lecture.

I join you in your hope for a world safe for life, and one in which justice is done, to Lee Harvey Oswald as well as all others.

Yours sincerely,

Sylvia Meagher
