Thursday night

Dear Sylvia,

Remember? We talked about this a year ago. It's on awful long-shot -- the Rockefeller Foundation underwriting social thing!! But given Haverford's lousy sabbatic pay I'll have to get outside money for next year, and that means even the long shots get tried. And who knows, they might come up with the cash. If so it would be an interesting job to do.

I know what a dog recommendation are. An onerous task, and that's what makes me embarrassed to ask friends for their help. Embarrassed, but not embarrassed enough not to ask. So I'm grateful, dear friend, for any help you can give me.

lots of interesting things to talk about: Schweitzer's sub-committee, CBS news, etc. but that I'll leave for a later phone talk. The Rockefeller Commission will be contacting you later on.

Love, Sylvia As always, affectionately,
Trink
